## Worldwide Kids introduces Little Guest Services Package

The all-in-one solution for hotels to look after  
under-4 guests.

The newest addition to the Worldwide Kids Product Portfolio is the *Little Guest Services Package*. As the ultimate all-in-one solution, the package helps hotels feel safe and confident in their childcare offering and to extend it to include the littlest guests, under the age of 4.

The package includes a range of Worldwide Kids products, that are all tailored specifically for the luxury hospitality, allowing hotels and resorts to provide a professional and secure childcare service at the highest standards. This not only gives parents peace of mind, they also have more time to enjoy services and experiences the hotel has to offer.

### What's included?

- A proprietary Kids Management System (KMS) to take advance bookings and run a resort daycare.
- A facility and operations audit to ensure a safe, secure setting.
- 3 weeks' worth of activities for under 4s.
- The WK Childcare Standard Operating Procedures, providing clear policies and guidelines on how best to approach any potential situation that may arise; from safe sleeping, to managing illness, and dealing with emergencies.

- The City & Guilds International Childcare for Leisure and Tourism course, which will equip hotel childcare staff with the knowledge and understanding needed to provide excellent childcare.
